Secret Agents Unite!

Have you ever been cyber bullied? Do you know what can happen to a cyber bully? This growing problem needs your help, and everyone at the Think Tank is counting on you to put an end to cyber bullying. Join Archie and the rest of the undercover (and sometimes underwater) agents to learn about cyber bullying and how it can harm so many people - including the cyber bully!

Episode 6: Think Tank - Cyber Bullying

Archie:

This lab rat is one smart cookie. He may not know how to work a laser pointer, but he knows an awful lot about cyber bullying. Follow his lead and cyber bullying will soon be on the ropes!

Darryl:

We all have tempers, and we all make mistakes. When cyber bullying enters this bearded dragon's lair, he may be doing more harm to himself than to his online victims.

Hampton:

Maybe she is a little slow on the treadmill, but this thoughtful hamster is right there when her friends need her - even when they make the mistake of getting caught up in cyber bullying.

You:

You are the most important agent at the Think Tank! Do you have what it takes to tackle cyber bullying? After Archie's presentation, you are the secret weapon who will wipe out cyber bullying!

4. pacer.org
5. stompoutbullying.org

Five Cartoonversation™ Starters

1. Why do people cyber bully?
2. What can happen to cyber bullies if they are caught?
3. What can happen to cyber bullies even if they aren't caught?
4. What should you do if you know someone who is cyber bullying?
5. What should you do if you are being cyber bullied?

Five Factoids

1. Cyber bullying nearly doubled from 2007 to 2016 (18% of students to 34% of students).
2. In 2015, 24% of all middle school students were cyber bullied.
3. Being a cyber bully makes you 20 times more likely to become a victim of cyber bullying.
4. Less than one third of cyber bullying victims report it to their parents.
5. Cyber bullying can happen with texts, social media, email, and other electronic communications.
